PROFESSIONAL DEVELOPMENT OPPORTUNITY

TABLE TOP ROLE PLAYING THERAPY

Therapeutic Tabletop Role Playing Group (TTRPG) is a therapeutic group that uses tabletop role playing games to help treat behavioral and mental health issues. Through interaction with other members of the group and the collaborative story, players can be exposed to a wide variety of situations that aid in exposure to, creation and rehearsal of strategies to manage situations.

SOCIAL SKILLS

EDUCATIONAL

BEHAVIORAL

COPING SKILLS

Members of the Autism Collaborative Centers of Excellence (ACCE) team up with The Bodhana Group, a non-profit based in York, Pennsylvania, to implement TTRPG throughout the region. Qualified applicants will have either clinical or extensive experience working with individuals with Autism Spectrum Disorder (ASD).
