There are hanging rings and ropes from a ceiling bar, a yellow slide, a blue mat on the floor, and a yellow table with a blue top. The walls are decorated with colorful items, and the floor is covered with colorful mats and small circular objects.

SPECTRUM Sensory Gym

Turn To Us offers emotional support, connection to resources, social and physical activities, and a sensory gym for children and adults with Autism Spectrum Disorder and Sensory Processing Disorder and their families. Through online groups and in-person events, children, siblings, and parents form a support network where they seek advice, share joys and frustration, and lean on each other. Our goals are to increase socialization, self-esteem, physical skills, and support through interactive family activities and Spectrum Sensory Gym.
