

"Alone we can do so little; together we can do so much." - Helen Keller

SAFE, Supporting Autism and Families Everywhere, is a 501c3 non-profit organization that provides resources and programs for individuals with autism and their families. Our organization is run by parents who devote their time to helping our local autism community with support group meetings, fun events for the whole family, and programs for kids and adults with ASD.

Volunteers are needed at all events and meetings for several reasons. It is much easier for a parent to focus on a meeting topic when their kids are playing and having a good time. It is also helpful to our facilitators in set-up, event, and clean-up of support group meetings, fundraisers, programs, etc.
